REQUESTS FOR PAPER NEWSLETTER

The Knollwood Home Owner's Association website is up and running! Please visit the website at www.KnollwoodHOA.com. This is your resource for updated information about what's happening in our community. Please provide us with your feedback and what else you would like to see posted on our new website.

Future KHA newsletters will be posted online for your convenience. An email broadcast notice will be sent to announce the release of future quarterly newsletters. If you would like to be added to the email list, please send us your email address to KHABoardmember@yahoo.com.

It is our goal to reduce the number of newsletters sent in the mail. If you want to continue to receive a hard copy newsletter in your mailbox, please contact one of our board members or email us your preference. We are hoping to reduce our postage and printing costs substantially with the release of the online newsletter.

FALL LEAF REMOVAL

We contracted with Greenworld for the leaf removal contract again this year. They performed well last year and have maintained a good track record with our neighbors in Knollwood West. This year was a disappointment for a number of reasons. Old Man Winter came earlier dumping almost 10" of snow before Thanksgiving. This impacted the timeline normally set aside for all our pickups to be completed before December 1st. The leaves also fell later than last year. Finally, Greenworld overcommitted themselves this year with the signing of a large contract with St. Joe County to perform leaf pickups for the entire region. We apologize for the inconvenience that this has caused and will work towards a more effective program next year. We still have another scheduled leaf pickup in the Spring of 2014.

GUMWOOD ROAD CONSTRUCTION

The construction on Gumwood is progressing quickly. Please refer to the KHA Website for updated information. St. Joe County is now anticipating construction for both phases North and South of Adams road to be completed in 2014. This will be a major disruption on commuting to and from our residential subdivision, so please be prepared for delays and traffic congestion.
